SUBJECT: PLIB MILL # OF CONCERN

The American Lumber Standard Committee (ALSC) has been made aware of a particular PLIB mill # of Concern. The Pacific Lumber Inspection Bureau has indicated that some PLIB and WCLIB trademarked logos with the mill identification number “Mill 10” have been discontinued. An example of two such stamps are shown in the photographs below.

Grade stamps with this mill number are no longer valid and should not be observed on material stamped after February 1, 2022. If these stamps are observed on newly stamped lumber at a jobsite, we ask that the PLIB office be notified immediately by phoning (253) 835-3344 or emailing jfantozzi@plib.org.
